

Unsolicited Testimonials From Exhibitors At Our 2007 Education Fair

The Fair was in a great location, well-organized, well-advertised, well-attended and fun! I appreciated the welcoming touches, too. Best of all, it seemed like just the right number of families came through. I was able to have a real conversation with everyone who came by, and never had time to get bored in between.

Maya Muir, Portland Waldorf School

Congratulations on the Education Fair. I thought it was well-organized, and that you had thought of many things to make it pleasant (pizza and Starbucks, for instance!).

Susan (Usha) Dermond, Living Wisdom School

We will be participating. We had a high rate of enrollment from people who we met at the Education Fair!

Dominique Bradley, The Portland French School

I want to thank you for planning such a great event ... We wouldn't mind having the same or similar spot next time. You also did a great job placing the groups so that there was good variety, without competing organizations being too close.

Sherrie Wade, Kindermusik

Thank you for putting this together! ... We would like to participate (next year).

Jo Ann Lindenthal, Multisensory Learning Academy

It was so nice to meet you at the Metro Parent Education Fair the other night. Congrats on what seemed to be a very successful event.

Renee Limon, Parent Child Preschools of Oregon
